

# Car Repair

Technician report: 4913737

**i** You can see above that you can create and use custom headers. You can also create and use footers in the same way.

## Basic Information

Technician Name	John Doe
Date of Check	29/01/2021

**i** Following the "Report Car" heading, sections are created with the repeatable sections. Additionally conditional rules were set to show the detailed checklist only if an issue was reported. Rules for conditional color were also set to highlight the table cells color in green if there is no issue and red if there is.
